Docket No. D.T.E. 02-24/25
Responses to the Attorney General's Seventh Set of Information Requests**

Request No. AG-7-20 (Gas)

Please provide the test year amount of any other type of margins earned. Identify the type and provide all supporting documentation, calculations and assumptions. Provide the amount of each type of "other" margins retained by the Company. Please reconcile these amounts to any of these types of margins that were credited to customers through the CGA or LDAC during the test year. Include a copy of the Department's order authorizing the Company to share each of the types of margins identified in this response.

Response:

All attachments are provided in response to Request No. AG-7-17 (Gas).

Please refer to Attachment 1 AG-7-17 for the calculation of the Gas Division's sales for resale margin for 2001. This is the only "other" type of margin the Gas Division earns. The Gas Division calculated a sales for resale margin of \$0 for 2001. Because there was no margin for 2001, a margin sharing calculation for sales for resale was not necessary.

Attachment 3 AG-7-17 provides the Department's February 14, 1996 Order authorizing the Gas Division to share margins.
